MGL

Computing Curriculum Services Proposal

MGL

MGL provides a comprehensive *Computing Curriculum Service* package that supports the teaching and skills development of Computing across the curriculum from Early Years to Key Stage 4.

From the teaching of basic computing skills, through to innovative work on robotics and Artificial Intelligence, our Teaching Team can work with your school to provide services and policy resources that will help you to plan, teach and assess Computing at all levels.

MGL

- Consultancy Support
- CPD
- PPA Cover
- Accreditation
- Scheme of Work
- In-Class Support & Team Teaching

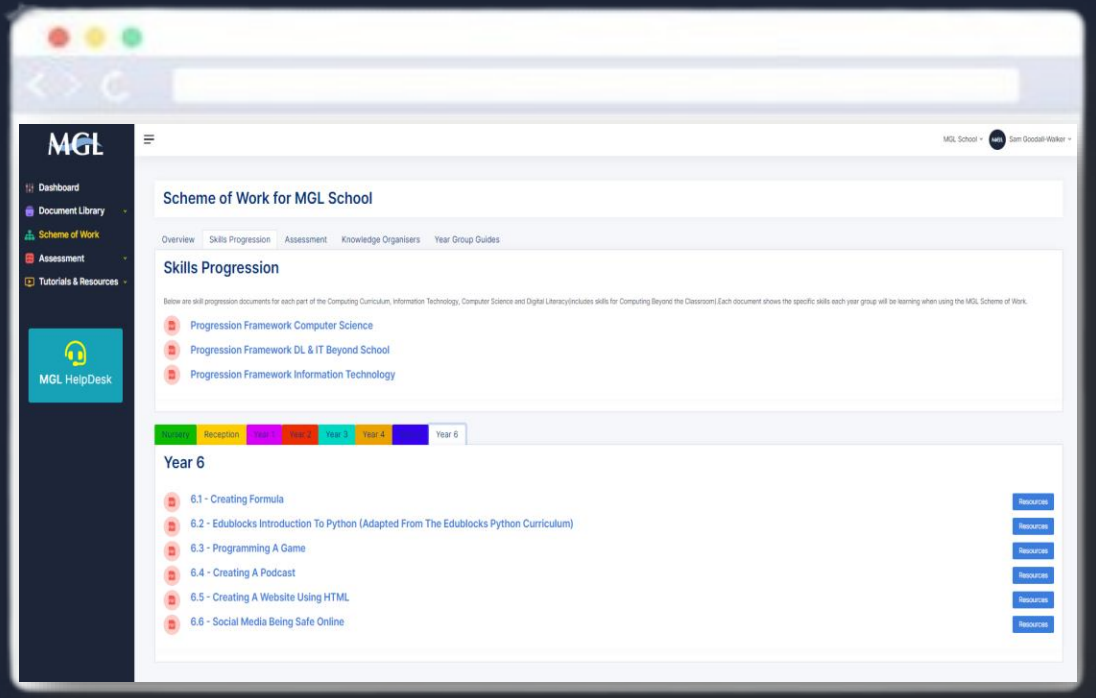
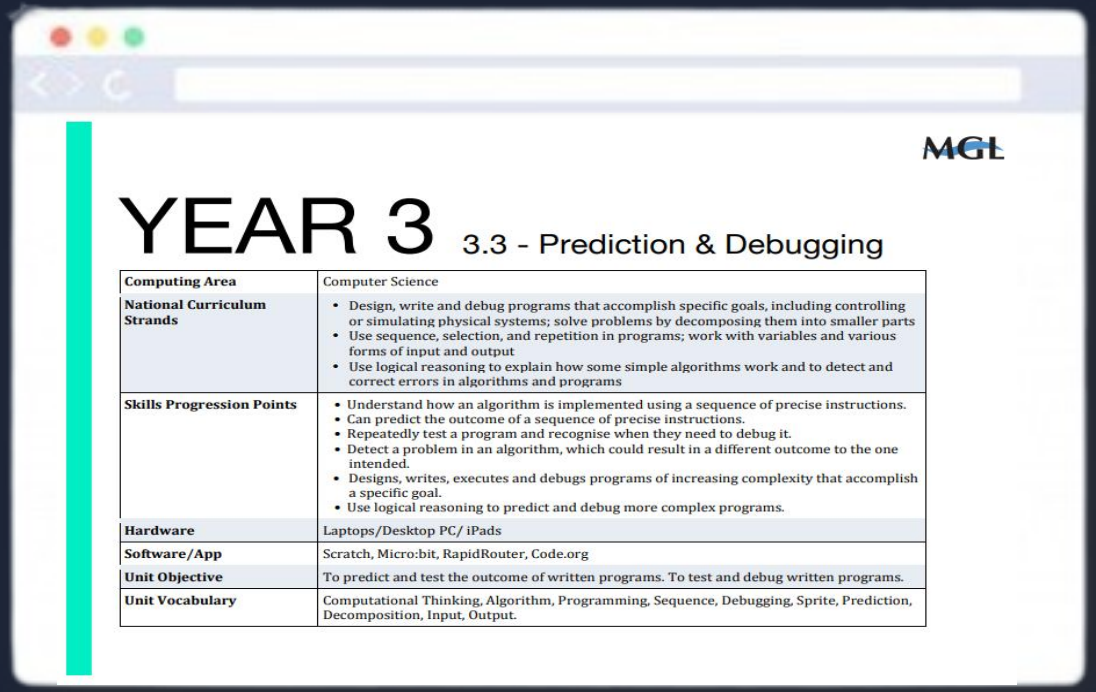
MGL's 'My School' Curriculum Portal

The MGL portal is the home of our Curriculum resources and a schools point of reference for updates and access to our:

- ✓ Scheme of Work
- ✓ Assessment quizzes and recording tool
- ✓ Additional resources
- ✓ Online tutorials
- ✓ Documentation



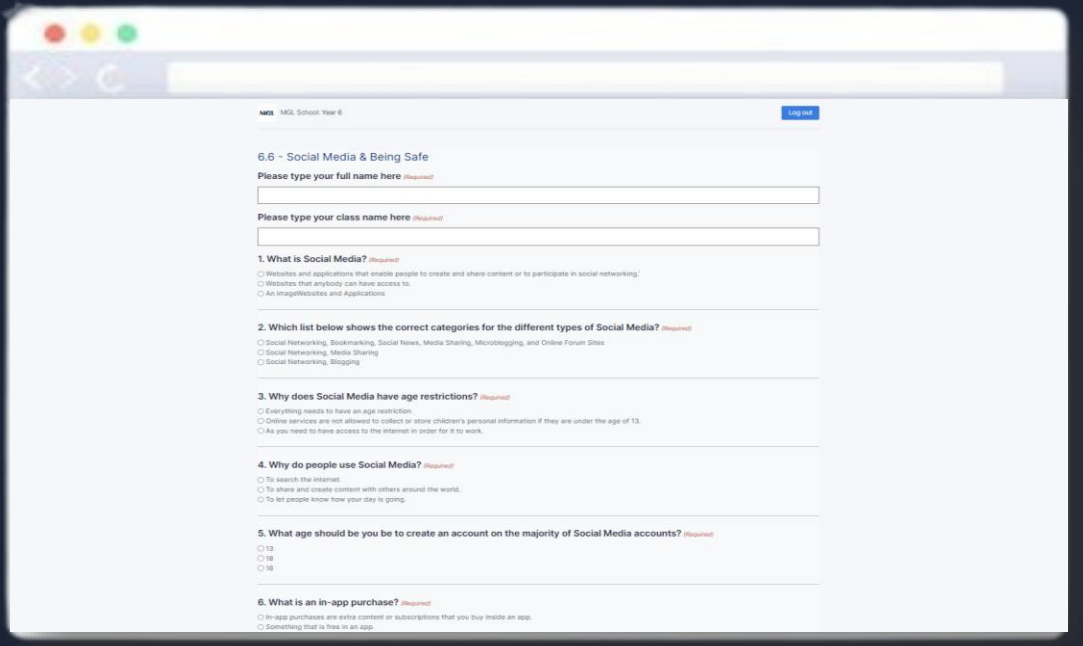


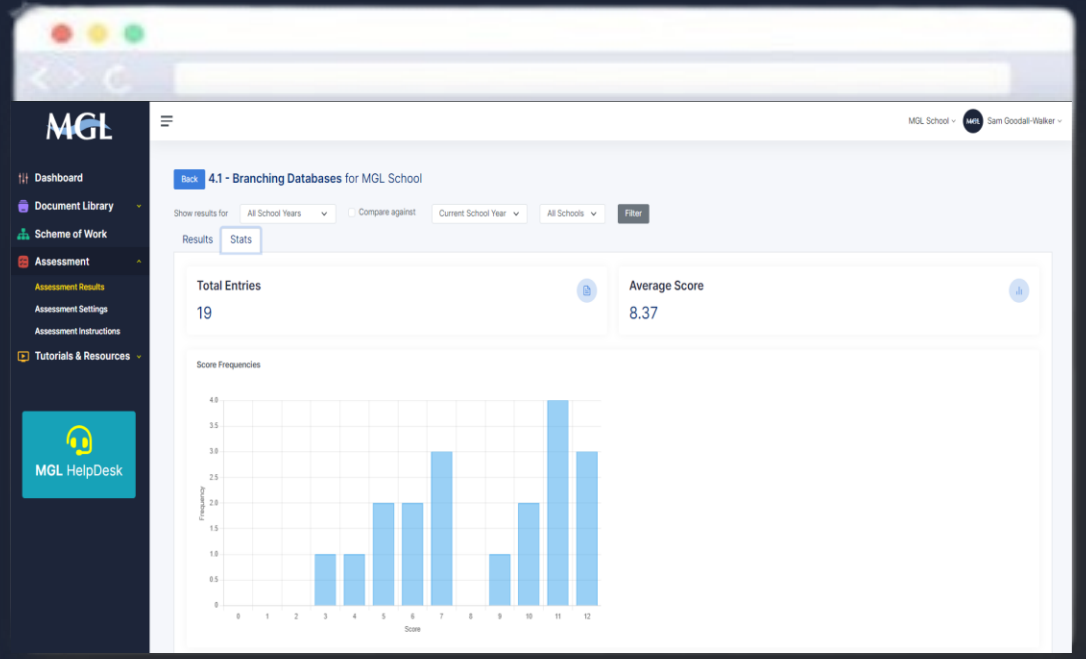
- ✓ Up to date Curriculum, Safeguarding and Technical policies
- ✓ Event updates
- ✓ Technical ticket logging
- ✓ MGL contacts for enquiries support

MGL's 'My School' Curriculum Portal

Within the MGL Portal is access to the end of unit quizzes.

- ✓ Easy, one-click activation
- ✓ Auto self-marked questions
- ✓ Students access the quizzes with a simple unique URL link
- ✓ Data is instantly recorded and presented for the teacher to view and export





- ✓ Stats are shown for the overall score and individual questions
- ✓ Data can be compared to all MGL schools and across a Multi Academy Trust
- ✓ Assessment Tool to record exported data and show progress
